

# Save money on next year's curling dues!

The year is almost over, but we're already thinking ahead. Next year's fees need to be set at the Annual Meeting and like everywhere else new costs and the HST are going to put things up, up! Come to the AGM and pay for next year's fees at this year's prices! You'll also get an opportunity to direct the future of this fine club. We still haven't heard from members who are going to help run the board next year. **STEP UP.**
